

Rattlesnake

By Joey Soto

4th grade

Rattlesnakes like to hide.

He may never know what he will find.

Don't get close – you will hear his
rattle.

Can he take down a herd of cattle?

He'll go to his hidey hole to wait,

But the mouse on top is now juicy
bait!

Poof! The mouse is gone!

Well, gone into the rattlesnake's
stomach!
