

SAGUAROS IN THE SUNSET

30 FEET HIGH.

REACHING FOR THE SKY.

SAGUAROS.

**THE SUN FLASHING ORANGES, YELLOWS,
PINKS, AND PURPLES OVER THE JAGGED PEAKS OF THE
TUCSON MOUNTAINS.**

**WILDLIFE CRAWLING INTO THEIR SHELTERS WHILE
OTHERS CRAWL OUT.**

**THEN THERE IS THE SAGUARO, STANDING TALL AND STRONG.
THE MOON CREEPS OVER THE HORIZON AS THE FIRST STAR
APPEARS IN THE NIGHT SKY.**
