

## *Desert Life*

*Bobcats jump and scare their prey  
Mice look up and run away*

*Coyotes howl at the moon  
The tarantula will come out soon*

*Trees and cacti grow, grow grow  
Mice and insects stay low, low low*

*Now it's raining, insects fly away  
Now it's raining, the mice will play*

*The gila monster crawls around  
The humming bird cannot be found*

*Daylight, daylight tarantula goes to sleep  
Night sky, night sky tarantula comes to  
eat*

*Desert life is hard to survive  
But if you know the way to go you can  
stay alive*
