

The Sonoran Desert

“The Sonoran Desert is a fun place to be,
And to be there, it won't cost a fee,
It has an area of two hundred sixty thousand square kilometers,
It is one hundred four degrees fahrenheit or forty degrees celsius
It is very hot,
Yet very cold in the night,
The sun is very, very bright,
It has a lot of plants,
That dance,
All around,
In advance,
The vivid, bright greens,
From the plants,
Such as cacti,
Shrubs,
And trees,
As you traverse and cross,
The open desert,
You will feel like a boss,
And the pallor, pale sonoran sand,
You pick up with your sensitive hand,
The vulgar animals,
Who will not need a helping hand,
Are thriving,
And surviving,
The undulating,
Heat waves,
I LOVE THE SONORAN DESERT!”
