

Avi Kansagra 4Ra

I love beautiful sunsets
That makes me want to dance

I love the magnificent sunrise
That makes me want to sing.

I love the hummingbirds that zoom by
That makes me want to fly

I love the glide of vultures
That makes me want to go for a hike

I love the saguaros standing tall
That makes me want to plant some more

I love the mountains behind my house
That makes it feel more like home
